

 **RICHWAY**

Born, Raised, & Built in Iowa

SCL-210

**Sub-Compact
Articulating
Loader Series**

BORN, RAISED, & BUILT IN IOWA

Richway introduces their own sub-compact articulating loader, the SCL-210. Designed for landscape, turf, agriculture, and construction professionals, the SCL-210 was created to give you a rugged machine with versatility to match. The small footprint gives easy access for tighter jobs, yet with a 24.8HP Kubota diesel engine it packs plenty of power to get done what you need. Plus with a "mini universal" style quick attach plate and 12 GPM of auxiliary hydraulic flow, the SCL-210 can utilize an enormous number of tools, giving you enormous flexibility.

LIGHT WEIGHT

Easy to transport for DIY weekend warriors

VERSATILE

Works with most mini skid steer attachments

COMPACT

Flexibility to work in small space

TURF FREINDLY

Low impact on lawns and landscapes
